

REPLICATION STARTER KIT

IDEAL FOR YOUR REMOTE SITES
OR RETAIL OUTLETS

snapserver[™]
BY ADAPTEC

GET STARTED WITH RIGHT-SIZED STORAGE FOR REMOTE SITES AND SAVE!

Providing storage for your remote sites doesn't have to be difficult or expensive. Snap Server™ by Adaptec provides right-sized storage that's easy to manage, and enables you to protect branch office data, as well as to move data between your central office and branch office locations. Our Replication Starter Kit is an ideal way to begin managing your business-critical information throughout a distributed environment - securely and reliably.

Here's how it works:

1. Purchase a Snap Server 520 or Snap Server 650 for your central office and add Snap Enterprise Data Replicator (Snap EDR) software

Snap Server 520 - Rack mount, Opteron processor, 4 drive, SATA II, RAID 0, 1, 5, base capacity 1TB/2TB/3TB, maximum scalability 66TB

Snap Server 650 - Rack mount, 2 dual-core Opteron processors, 4 drive, SAS, RAID 0, 1, 5, base capacity 1.2TB, maximum scalability 64.2TB

Snap Enterprise Data Replicator (Snap EDR) - High-performance, network-optimized software solution for distributing and protecting business-critical information throughout a distributed enterprise

2. We'll give you the Snap Server 110, 500GB and Snap EDR Software at no additional cost.

Snap Server 110, 500GB - Whisper - quiet desktop, 1 drive, SATA II.

Snap Enterprise Data Replicator (Snap EDR) - High-performance, network-optimized software solution for distributing and protecting business-critical information throughout a distributed enterprise

This offer is valid through October 31, 2007.

To order, call your reseller today, or contact Snap Server Sales at 888.343.7627 or SnapSalesTeam@adaptec.com
